Trade with Germany and Austria-Hungary.

In view of the raising of the blockade, the Board of Trade have issued General Licences under the Trading with the Enemy legislation authorizing, with certain reservations, the resumption of trade with Germany and Austria-Hungary.

The Licences do not remove the existing restrictions upon the payment of debts and the return of property due or deliverable to persons in Germany and Austria-Hungary in respect of pre-war transactions. Moreover, any permission which may be necessary in respect of any transactions under Defence of the Realm Regulation 41D must be obtained from the Treasury.

The licences do not permit the importation from Germany or Austria-Hungary of any goods included in the Prohibition of Import Proclamations and not covered by a General Licence issued under those Proclamations. Information with regard to imports into the United Kingdom can be obtained from the Import Restrictions Department, 22, Carlisle Place, S.W. 1. Further, Export Licences must be obtained from the Export Licence Department, 1, Queen Anne's Gate, Westminster, S.W. 1. before goods included in Lists A and B of prohibited exports are shipped to those countries, but no licences are required in respect of goods included in List C.

The text of these General Licences, is as follows :—

The Board of Trade, on behalf of His Majesty, and in pursuance of the powers reserved in the Trading with the Enemy Proclamations and all other powers thereunto them enabling, do hereby give and grant licence to all persons and bodies of persons resident, carrying on business, or being in the United Kingdom, to trade and have commercial and financial transactions with persons or bodies of persons resident or carrying on business in { Germany / Austria-Hungary }.

Provided always that any licence which may be necessary in respect of any transaction under any prohibition of export or prohibition of import for the time being in force in the United Kingdom or in respect of any remittance of money out of the United Kingdom covered by Regulation 41D of the Defence of the Realm Regulations is first obtained.

Provided also that this licence shall not permit any person or body of persons to pay to or for the benefit of any person or body of persons resident or carrying on business in { Germany / Austria-Hungary } any sum of money which by the terms of the Trading with the Enemy Amendment Acts, 1914–1915, or either of them, is required to be paid to the Custodian appointed under the Trading with the Enemy Amendment Act, 1914, but such sums of money must be paid to the said Custodian:

Provided further that this licence shall not permit any person or body of persons to pay or deliver any sum of money or property which is, or but for the war, would have been due or deliverable to any person or body of persons resident or carrying on business in { Germany / Austria-Hungary } in respect of a transaction entered into before the outbreak of war.

Urgent orders.

The Board of Trade, Export Licence Department, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Export Licence Department the licence will be granted.

The telegrams should be addressed to 'Orders, c/o. Advantage, Stock, London.' They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from territory in the occupation of troops of the associated Governments, the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 24 words (1/3) must be prepaid.

Applicants are requested in their own interests to confine their inquiries to orders needing a very urgent decision, since the fewer the inquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connexion with the telegraphic inquiries should be addressed to the Comptroller-General, Department of Overseas Trade (Export Facilities Section), 4, Queen Anne's Gate Buildings, Westminster, S.W. 1.

The distillery will be the property of Government and you will be required to maintain at your own expense the fences, compound, buildings and plant in good order and to the satisfaction of the Commissioner. You shall take out licence for the distillery on payment of a licence fee of Rs. 100 per annum. The rental for the use of the property as well as the right to the usufruct of the trees in the distillery compound is Rs. 1,000 per annum payable into a Government treasury in twelve equal monthly instalments on or before the 15th of each month beginning from April 1920.

4. You will be required to work the distillery at Chevakkat continuously unless, on good cause shown, the Commissioner of Salt, Abkari and Separate Revenue shall order otherwise.

5. You shall manufacture arrack only from toddy drawn from coconut trees which have been marked by Government Officers on payment of tree tax at the rate in force for the time being. Licenses for the tapping of coconut trees and permits for the transport of toddy will be issued under the rules relating to the tree-tax system published by the Board of Revenue, Separate Revenue, in the *Fort St. George Gazette*. If you wish to draw toddy from private trees you must make your own arrangements with the owners thereof. If from Government trees, you must abide by the prescribed rules and make your own arrangements with the renters of such trees or the persons who enjoy the right to the usufruct.

6. You will be entitled to a refund of tree-tax on each proof gallon of liquor actually outturned at the distillery. The rate of refund has been fixed at Re. 1 per proof gallon subject to revision in case of an alteration in the amount of tree tax. But the total amount of refund payable for each half-year ending 30th September and 31st March will not exceed the amount of tree-tax paid by you for the same half year. If the outturn of spirit at the distillery be in excess of that properly admissible having regard to the number of trees tapped you will be liable to pay double the duty at the tariff rate on such excess as a penalty.

7. You shall maintain in the distillery such minimum stock of liquor as may be fixed by the Board.

8. The arrack supplied shall be of good quality; and if found unfit for human consumption after analysis in the Board's laboratory, will be rejected and destroyed under the orders of the Commissioner. The officer in charge of the distillery will be empowered to stop pending the orders of the Commissioner the issues of arrack which he may consider bad, and will be required to send samples of such arrack for analysis without delay. Purchasers shall be entitled to object to the quality of the arrack before taking delivery but not afterwards. The validity of all such objections will be decided by the Commissioner.

9. Foreign liquor dealers throughout the Madras Presidency shall be entitled to have 'Malabar Arrack' issued to them to the order of their applications and with all reasonable dispatch in such quantities as may be required, on proof of payment of duty at the tariff rate for the time being per proof gallon into a Government treasury. You shall not be entitled to refuse to supply any licensed foreign liquor dealer on payment of the value in legal tender so long as you have sufficient stock at the distillery.

10. Failure to supply arrack as specified in the above condition within a reasonable time will entail a penalty at the discretion of the Commissioner not exceeding Rs. 5 per proof gallon of the arrack not supplied for every day during which the failure continues. The penalty may be deducted from your deposit or may be recovered under the Revenue Recovery Act. All sums so deducted from your deposit must be replaced within fifteen days.

11. You shall if the Commissioner so orders be bound to hand over at the close of your lease at rates to be fixed by him such quantity of toddy arrack (not exceeding two months' average issues to foreign liquor dealers throughout the Presidency) as he may direct. Provided that the Commissioner shall give one month's notice of his requirements under this condition.

12. An account will be taken of the stock of spirit at the distillery at such intervals, not being greater than three months as the Commissioner may direct; and you shall pay to Government duty at the tariff rate on all spirit which may not be forthcoming, and for which you shall be unable to account to the satisfaction of the Commissioner, in excess of an allowance of 1½ per cent which will be made for wastage and calculated annually. This provision is subject to variation under special agreement if the spirit is not stored in vats.

13. You shall observe and keep all the rules applicable to distilleries generally and to the issue of spirits therefrom prescribed by Government and published in the *Fort St. George Gazette* of the 18th November 1890 as Notification No. 954, dated 10th October 1890, and as subsequently amended, and also all such further rules as may under the authority of Madras Abkari Act I of 1886, or other law for the time being in force and relating to the abkari revenue be made by His Excellency the Governor in Council or by the Commissioner of Salt, Abkari and Separate Revenue.

14. When the period of the licence expires and the conditions of the licence have been fulfilled, you shall surrender your licence and the Secretary to the Commissioner will return to you the deposit of Rs. 2,000 made by you for the due performance of the contract or so much thereof as shall remain after such deductions as are herein provided for have been made.

15. On the expiry, cancellation or forfeiture of the licence, the balance of liquor in bond shall be forthwith surrendered to the Collector of Malabar. It will thereupon become the property of Government and may be destroyed or otherwise disposed of by the Collector under the orders of the Commissioner. If such liquor be sold, the net sale-proceeds of liquor will be paid to you within a period of two months. Provided that if on or before the expiry of the said period of two months, you should be indebted to Government in any sum, the whole of the said net price or so much thereof as shall be equal to the sum in which you shall be so indebted may be retained by the Collector.

16. Government reserve to themselves power to extend the distillery at Chavakkot or to erect another distillery elsewhere for the manufacture and supply of account toddy arrack to foreign liquor dealers in the Presidency.

17. You shall see that all receptacles in which the arrack is issued from the distillery are labelled 'Spirits manufactured in Malabar' before they leave the distillery. All issues made for domestic consumption shall be only in bottles bottled at the distillery.

18. You must maintain correctly all such forms and accounts as may be prescribed by the Commissioner.

19. You shall render all possible help to the officers of the Salt, Abkari and Customs Department in preventing offences against the Abkari Laws.

20. In all matters not expressly provided for herein you will be bound to accept the ruling of the Commissioner subject to an appeal to Government.

21. If it appears at any time to the Commissioner that you are unable or unwilling to duly execute your engagements under the contract, the Commissioner will be entitled to enter into possession of the premises and to make any arrangements that appear to him necessary in the circumstances.

22. Infraction of any of the conditions of the licence either by you or by any person in your employment will entail on you at the discretion of the Commissioner—

(a) fine up to Rs. 50 or

(b) forfeiture of deposits and cancellation of licence and disposal of the privilege at your risk.

Secretary.

AUDIT ORDER OF THE CHINTADRIPET CO-OPERATIVE STORES, LIMITED, FOR 1918-19.

The accounts of the Chintadripet Co-operative Stores, Limited, No. 3402, for the co-operative year ending 30th June 1919 as audited by Inspector M. R.Ry. K. Narayanaswami Mudaliyar, are passed. Statements of (1) Receipts and disbursements (2) Profit and loss and (3) Assets and liabilities as approved by the Assistant Registrar are appended to this order.

2. The stores commenced its business on the 13th April 1919 and 22 members joined it during the year under review. The paid up share-capital of the members held at the end of the year was Rs. 802-8-0. A sum of Rs. 900 was also raised as a fixed deposit from a member at 7½ per cent per annum.

3. The value of store articles purchased during the year under review amounted Rs. 1,873-15-2 while the value of sales to members amounted to Rs. 1,404-9-10. The stock of the articles held on the last day of the year amounted to Rs. 328 and the gross profit in the transaction was Rs. 55-9-10.

4. The stores maintained a clerk on Rs. 15 and a salesman on Rs. 7-8-0 per mensem besides paying a house-rent of Rs. 15 per mensem. The amount of establishment and contingent charges paid and due during the year came upto Rs. 191-9-4, which was disproportionately large for a young institution and its poor transactions. The society should take a warning against such extravagant scale of expenditure.

5. During the year under review the stores worked at a net loss of Rs. 111-8-11. It is noted that in spite of the influential help which the society should have had from the Directors who are ardent co-operators the society worked at a loss. It is hoped that with increased attention and proper economy the Directors will be able to recoup the loss and place the work of the society on a sound basis.

AUDIT ORDER OF THE MADRAS CITY CO-OPERATIVE BANK, LIMITED, FOR 1918-19.

The accounts of the Madras City Co-operative Bank, Limited, No. 900, for the co-operative year ending 30th June 1919 as audited by Inspector M.R.Ry. K. Narayanaswami Mudaliyar are passed. Statements of (1) Receipts and disbursements, (2) Assets and liabilities, and (3) Profit and loss, as approved by the Assistant Registrar, are appended to this order.

2. The period under review is the seventh year of the bank's existence. The number of members rose from 633 at the beginning of the year to 695 at its end. The paid-up share-capital of the members rose from Rs. 44,414-6-6 to Rs. 48,808-6-6 and the borrowings including deposits from members and non-members from Rs. 1,25,165-14-8 to Rs. 1,37,981-4-1.

3. Two hundred and forty three loans amounting to Rs. 1,89,782 were outstanding against the members at the beginning of the year and 117 loans amounting to Rs. 1,15,727 were disbursed during the year. One hundred and ten loans amounting to Rs. 67,097 were completely discharged and a sum of Rs. 27,373-14-0 was received as part payment. Thus the number of loans outstanding at the end of the year was 250 amounting to Rs. 1,76,540-2-6. Of these, 51 loans amounting to Rs. 6,614 were overdue. It is reported that in several cases the bank allows the reopening of closed loans contrary to the by-laws and the Board of Management is advised to see that the by-laws are strictly enforced. Prompt steps should be taken for the recovery of the overdue loans.

4. During the year under review the bank earned a net profit of Rs. 5,924-10-3. One-fourth of this, viz., Rs. 1,258-3-10 should, under by-law No. 81, be carried to the credit of the reserve fund; one-eighth of the net profits, viz., Rs. 622-1-11 is available for distribution as honoraria to Directors. Out of the remainder Rs. 3,150-9-7 a dividend not exceeding 9 per cent shall be paid to the members proportionately to the amount of paid-up share-capital held by each member and according to the full months during which it was held. If after payment of dividend, any balance is left it should also be added to the credit of the reserve fund.

5. The total reserve fund of the bank held in the Madras Central Urban Bank on 30th June 1919 according to the latter's account is Rs. 6,766-3-7 while the audited figures of the former show a total of Rs. 6,218-9-7. The difference is the amount of interest accrued on the reserve fund and adjusted in the Central Bank account in the years 1917-18 and 1918-19. The bank is requested to adjust a sum of Rs. 545-13-0 in the current year's account as interest received on the reserve fund in question. Deducting this sum, out of the reserve fund amount of Rs. 1,256-3-10, of the year under review and also a sum of Rs. 138-5-7 already in excess, the bank should remit Rs. 672-8-3 to the Madras Central Urban Bank, Limited. With this addition, the total reserve fund of the bank will be Rs. 7,438-7-10.

6. The rate of interest allowed on fixed deposits was reduced to 6 per cent during the year under review. This is a gratifying step taken by the bank.

A sum of Rs. 436-5-0 was incurred during the year as carriage allowance to office-bearers. This appears to be much excessive. Under by-law No. 85 expenses may be incurred for the carriage actually engaged by the Directors. The Board is requested to see that economy is exercised in this item of expenditure. The Board may, if considered desirable, allow a greater share in the net profit to the office-bearers who daily attend to the work of the bank.

The bank convened one general and eleven committee meetings during the year and five of the latter were adjourned for want of quorum. On the whole the bank turned out good work during the year under its energetic Secretary, M.R.Ry. S. S. Sankaram Aravgal, B.A., B.L., and the Assistant Registrar congratulates the Board of Directors on the continued good work of the bank.

The accounts of the Madras Co-operative Leather Goods Factory, Limited, No. 6564, for the co-operative year ending 30th June 1919 as audited by Inspector C. P. Rajagopalachari are passed. Statements showing (1) Receipts and disbursements, (2) Profit and loss, (3) Assets and liabilities as furnished by him are appended to this order.

The factory was registered under Act II (1912) India on the 26th April 1919 and was started on its work on the 24th April 1919.

On 30th June 1919 there were sixteen members all of them having joined on the date of starting with a paid-up share-capital of Rs. 862, the number of shares taken by them being 20.

During the year under review the society borrowed a sum of Rs. 3,000 and had deposits to the extent of Rs. 206 and the whole amount was outstanding on the last day of the year under review.

The factory purchased during the year raw material worth Rs. 2,507-10-3 and sold finished products to the value of Rs. 1,576-10-6. The stock of raw material and finished products on the 30th June 1919 were valued at Rs. 2,110-14-9. The factory earned in these transactions a gross profit of Rs. 1,178-14-1 but deducting from it the wages of the workmen and the initial expenditure on account of furniture, contingencies, etc., incurred the transactions resulted in a net loss of Rs. 250-3-7 to the society. It is hoped that the factory would make up this loss and work at a profit during the next year.

M.R.Ry. V. Venkatasubbayya Avargal, B.A., has to be thanked for the personal interest he takes in running the factory and making it a success.

AUDIT ORDER OF THE MADRAS GOVERNMENT SERVANTS' CO-OPERATIVE SOCIETY, LIMITED FOR 1918-19.

The accounts of the Madras Government Servants' Co-operative Society, Limited, No. 980, for the co-operative year ending 30th June 1918 as audited by Inspector M.R.Ry. E. Narayanaswami Mudaliyar are passed. Statements of (1) Receipts and disbursements, (2) Profit and loss, and (3) Assets and liabilities as furnished by the Inspector are appended to this order.

2. The year under review is the seventh year of the society's working. The number of members increased from 1,965 at its beginning to 2,479 at its end. The paid-up share-capital of members rose from Rs. 29,450 to Rs. 33,532 while the borrowings by way of deposits from members and non-members decreased from Rs. 68,281 at the beginning of the year to Rs. 58,177-8-0 at its end. A sum of Rs. 2,998 out of the deposits was outstanding payment to depositors on the last day of the year under review.

3. Under transactions of loans the amount outstanding at the end of the year was Rs. 77,720-1-11 from members, Rs. 1,040-11-0 from central societies and Rs. 6,750 from other co-operative societies against Rs. 69,902-8-8, Rs. 14,048 14 0 and Rs. 1,750 respectively at the end of the previous year. There was a reduction of Rs. 36,918-6-8 from members, Rs. 13,008 from central societies and Rs. 2,000 from other co-operative societies. Out of the amount outstanding at the end of the year there was a sum of Rs. 8,976 actually overdue on the last day of the year against Rs. 7,330-8-9 on the last day of the previous year. It is to be pointed out to the society that the overdue amount are on the increase year after year. The amount of interest overdue from members on the 30th June 1918 was Rs. 888-2-2. A sum of Rs. 1,04,795 was distributed as 973 loans to members and Rs. 6,000 to other co-operative societies.

4. During the year under review the society incurred a sum of Rs. 2,182-15-5 as establishment and contingent charges against Rs. 1,723-2-9 in the previous year.

5. The society earned during this year a net profit of Rs. 3,063-12-4 which should under by-law 35 of the society be dealt with as follows :—

(i) One-fourth to the reserve fund, viz., Rs. 707-7-1.

(ii) Out of the remainder a dividend may be paid up to a maximum of 9 per cent on the paid-up share-capital.

(iii) Out of the balance, if any, a sum not exceeding 7½ per cent of the net profits may be carried towards common good. The balance, if any, after meeting the above charges shall be carried to the reserve fund and it is requested to report what amount was carried to reserve fund. The society is requested to remit to the Coimbatore District Bank a sum of Rs. 507-8-9 towards the credit of the reserve fund deducting Rs. 280-2-4 interest accrued up to 30th June 1919 on the amount of reserve fund already invested therein. A sum of Rs. 806-0-9 due to the reserve from the surplus profit of the previous year should also be remitted. With this addition, the total reserve fund of the society will be Rs. 5,852-8-11.

6. The society resolved in the year under review to pay the members of the office establishment a bonus of one month's pay out of the profits of the previous year after paying dividend on shares at 9 per cent. This is, however, objectionable as there is no specific provision in the by laws for this expenditure and this payment was treated as a charge on the general funds of the society. Separate communication will follow on the subject of maintaining of society's account books since they require improvement. During the year under review seven suits were filed, of these claims were satisfied in the case of one before decree and six decreed during the year. Steps should be taken to reduce the overdue amounts.

On the whole the society turned out good work during the year under review.

AUDIT ORDER OF THE MADRAS AND SOUTHERN MAHRATTA RAILWAY EMPLOYEES' URBAN BANK, LIMITED, FOR 1918-19.

The accounts of the Madras and Southern Mahratta Railway Employees' Urban Bank, Limited, No. 51, in the Madras City for the co-operative year ending 30th June 1919, as audited by M. R. Ry. A. Cuppiah Chettiyar, Inspector of Co-operative Societies, are passed. Statements of (1) Receipts and disbursements, (2) Profit and loss, and (3) Assets and liabilities are appended to this order.

2. The society has started on its work on 19th February 1906, and the year under review is the 14th year of the Bank's existence. The number of members rose from 4,456 at the beginning of the year to 5,088 at its end. The paid-up share-capital rose from Rs. 79,035 to Rs. 89,845 and deposits from Rs. 10,720-1-10 to Rs. 1,08,434-7-9. The bank's attention is drawn to by-law 20 which restricts its maximum borrowing power to Rs. 1,00,000. The bank is advised and asked to amend its by-law by increasing the maximum borrowing power.

3. During the year 2,780 loans amounting to Rs. 3,40,255 were disbursed to members as against 2,820 loans amounting to Rs. 2,71,800 in the previous year. All these loans were granted on the joint and several responsibility of the borrower and sureties. The number and the amount of outstanding loans against members at the end of the year were 3,244 and Rs. 2,41,703-8-3 respectively as against 2,744 loans amounting to Rs. 1,92,140-13-0 at the end of previous year. Out of these, 246 loans amounting to Rs. 6,182-3-0 were overdue towards principal as against 43 and Rs. 1,612 6-0 respectively on the last day of the previous year.

4. The bank earned a net profit of Rs. 10,930-3-5 during the year as against Rs. 10,837-9-4 during the previous year. In accordance with by-law 28 of the bank one-fourth of the net profits, viz., Rs. 2,732-9-4 should be carried to the reserve fund. The balance available may be distributed as dividend to share holders subject to the condition that the amount of dividend to be declared together with the amount that may be carried to the share premia fund shall not exceed 9 per cent on the paid-up share-capital.

5. With the amount of Rs. 2,732-9-4 to be credited to the reserve fund as required in paragraph 4 supra, the total reserve fund will amount to Rs. 2,522 3-0 and this will include Rs. 2,400 invested in war loan bonds during the year. The bank has earned for the year an interest of Rs. 341-13-4 on the reserve fund amount invested already in the Madras Central Urban Bank. Deducting this sum and also Rs. 331-13-8 being the excess amount already in the reserve on 30th July 1919 from Rs. 2,732-9-4 the bank is requested to remit to the Madras Central Urban Bank the balance, i.e., a sum of Rs. 2,049-14-0.

6. It was pointed out in the audit order for 1917-18 that the bank should take stamped receipts from clerks drawing a pay exceeding Rs. 20. But it does not seem that the bank has paid any attention to this. As it is absolutely necessary that payments, to the statement of the bank, exceeding Rs. 20 should be supported by stamped vouchers, the bank is advised to adopt the method in future.

7. The bank is requested to devote particular attention to the speedy collection of overdues from members which is on the increase as pointed out in paragraph 3 supra.

8. The work of the bank during the year under review was satisfactory. The Board of Management is congratulated on the substantial and steady progress which the bank has been showing in its transactions.

RULES AND DIRECTIONS OF THE SYNDICATE FOR THE ADMISSION OF HOLDERS OF SECONDARY SCHOOL-LEAVING CERTIFICATES TO UNIVERSITY COURSES OF STUDY

I. Admission of holders of secondary school-leaving certificates to University courses of study in the academic year 1920-21 and subsequent years shall be made only in accordance with the revised rules and directions of the Syndicate herein contained.

II. Such holders only of completed secondary school-leaving certificates may be admitted to University courses of study and registered as matriculates under Regulation 1 of chapter XVI as (*a*) had completed not less than 16 years of age before appearing for the examination qualifying for such certificates, and (*b*) have been declared eligible for such admission by the Syndicate.

III. A complete list of certificate-holders declared eligible for admission to University courses of study will be published annually in the *Fort St. George Gazette* and a copy of this list will be furnished to each Principal of an affiliated college. A certificate holder not included in one of these lists will not be entitled to registration as a matriculate under Regulation 1 of chapter XVI except as provided in paragraph VII below.

IV. In the case of certificates issued under the authority of the Government of Madras those holders of certificates who qualify under the following rules will be included in the list of those declared eligible by the Syndicate for admission to University courses of study:—

1. Secondary school-leaving certificate-holders shall be eligible for admission to University courses of study whose marks in the Public Examination or whose marks after moderation are

(*a*) in Group A subjects

either

(i) in English five marks above the Presidency average and in each of the other two subjects (except Vernacular Composition and Translation in the case of school pupils who study a classical or a foreign language under Group C and are therefore excused the study of the former subject under Group A) not less than the Presidency average;

or

(ii) of the total marks, in English 40 per cent and in each of the other two subjects (except Vernacular Composition and Translation in the case of school pupils who study a classical or a foreign language under Group C and are therefore excused the study of the former subject under Group A), 33 per cent;

(*b*) in Group C subjects

either

(i) five marks above the Presidency average in Algebra and Geometry, or Physics, or Chemistry, or English History, and not less than the Presidency average in one other subject;

or

(ii) of the total marks, 40 per cent in Algebra and Geometry, or Physics, or Chemistry, or English History, and 33 per cent in any other subject.

2. A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition *or* in Elementary Mathematics shall be eligible for admission, provided he obtains excess marks in English and the other subject of Group A taken together equal in number to twice the number of marks by which he is deficient in the subject in which he fails.

A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition *and* in Elementary Mathematics shall be eligible for admission, provided he obtains excess marks in English equal in number to twice the total number of marks by which he is deficient in the two other subjects.

3. A secondary school-leaving certificate-holder who qualifies in one of the four selected subjects in Group C but who fails to qualify in a second subject of that group shall be eligible for admission, provided that in the former subject he obtains excess marks equal in number to twice the number of marks by which he is deficient in the latter subject.

4. A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition, or Elementary Mathematics, or in both, and also in a second subject of Group C may be declared eligible for admission, provided that he obtains excess marks as above both in the other subject or subjects in Group A and in one of the four selected subjects of Group C.

5. The eligibility of a school-leaving certificate-holder will be determined for each Group of subjects separately, by the test of Presidency averages or fixed percentages throughout, or by the test of Presidency averages in Group A and fixed percentages in Group C, or vice versa.

6. A secondary school-leaving certificate-holder who fails to qualify under the preceding rules by reason of deficiency of marks,

(*a*) *in one subject only*—

will be declared eligible for admission,

if the deficiency of marks is not more than one mark, irrespective of his total marks.

or

provided that the deficiency of marks	if his total marks amount to
is not more than 2 marks.	not less than 200
Do. do. 3 "	do. 250
Do. do. 4 "	do. 300
Do. do. 5 "	do. 350

and so on

or

(*b*) *in two subjects only*—

will be declared eligible for admission	
provided that the deficiency is not	if his total marks amount
more than 1 mark in one subject	not less than to 250
and 1 mark in the other subject.	
" 1 mark and 2 marks	do. 300
" 2 marks and 2 marks	do. 350

For the purpose of this rule, in calculating the total marks gained, the higher mark obtained in each subject will be selected, whether examination mark or moderated mark, and in calculating the deficiency of marks the smallest deficiency will be selected after application of both alternatives in rules 1 and 5 and after applying rules 2, 3 and 4.

In the case of a secondary school-leaving certificate-holder who has been exempted the study of Vernacular Composition and Translation and has taken a classical or foreign language and *one* other subject only under Group C, the total marks required under this rule will be reduced by one-fifth, provided always that in the case of such certificate holder no total number of marks will be allowed to compensate for deficiency of marks in the language so taken under Group C.

In the case of a certificate-holder who has been exempted the study of Vernacular Composition and Translation and has taken a classical or foreign language and *two* other subjects under Group C, the total marks required under this rule will not be reduced (his marks in each of the five subjects being taken into account), and compensation for the deficiency of marks will be admissible under this rule irrespective of subject

7. The moderation of the marks obtained by a holder of a secondary school-leaving certificate for the purpose of the above rules will be effected as follows:—

The individual mark gained by him for the last year at school in each subject will be multiplied by the average mark for the school at the Public Examination and the result divided by the average mark at school of the candidates from the school actually appearing for the Public Examination. The figure thus obtained will be added to the individual mark gained by him at the Public Examination and the total will then be divided by two to obtain the final moderated mark.

8. In the case of certificates issued under the authority of Native States in the territorial jurisdiction of the University similar standards for admission will be applied

V. Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination will be required to undergo a supplementary course at school in all the subjects of Group A and in two subjects of Group C. He must again appear at the Public Examination at the close of this supplementary course and his eligibility for admission will be determined as if he had then appeared for the examination for the first time. In the case of a candidate who, after undergoing a supplementary course and examination, has failed again to qualify for admission to University courses of study, and who is permitted to appear at the Public Examination in a subsequent year after private study, eligibility for admission will be determined upon his last examination marks alone.

VI. Hereafter candidates for admission to colleges, whose last appearance at the Public Examination was in 1917 or earlier, must submit their certificates to this office for inspection not later than the 31th April. Every such certificate will be judged by examination marks alone according to the rules in force for certificates completed in the year in which it is submitted for inspection except that the best performance in each subject in any year will be taken into consideration.

VII. Notwithstanding anything contained in the foregoing rules, the Principals of Colleges for Women will be permitted to make admissions at their discretion of female holders of secondary school-leaving certificates whether or not the names of such holders of certificates are included in the published list of certificate holders eligible for admission to University courses of study. Certificate-holders so admitted to Colleges for Women will be registered as matriculates under Regulation 1 of Chapter XVI.

VIII. The lists published annually in the *Fort St. George Gazette* will contain the names of all certificate-holders found to be eligible for admission to University courses of study in affiliated colleges, other than Colleges for Women, under the rules and directions issued by the Syndicate. It is, however, to be clearly understood that inclusion in the list confers on no certificate-holder the right of admission to any affiliated college. The Principals of Colleges are at perfect liberty to restrict admission to such applicants as they may select and are moreover required strictly to confine admission to such eligible certificate-holders as, judged by their certificates, may be expected to profit by the particular courses of study upon which they propose to enter in the college selected.

NOTIFICATION

It is hereby notified that the following alterations in the Regulations have received the sanction of the Government in G.O. No 1372, Home (Education), dated 10th November 1919:—

That Regulation 5 of Chapter XXIII and Chapter XXXI of the Regulations be altered as follows:—

and in the total marks *for* '400,' *substitute* '340,'

These alterations take immediate effect and candidates for the B.A. Degree Examination in Part I, English in 1920 and subsequent years will not be examined in *either* the History of the Language *or* Rhetoric and Style.

THE MADRAS STUDENTS' ADVISORY COMMITTEE.

The following letter, dated 2nd April 1919, from Dr. T. W. Arnold, Educational Adviser to the Secretary of State, India Office, Whitehall, to the Secretary, Madras Students Advisory Committee, is published for general information to the students and public:—

At the request of our Local Adviser to Indian students in Manchester, I write to let you know that the Principal of the College of Technology there is of opinion that students from India should not be advised to come here to undertake a course of study at Manchester unless they have reached an India a sufficient standard of education to secure their exemption from the Matriculation examination of the Joint Board of the Northern Universities. In the case of Indian students this standard is marked by a certificate of having passed the first examination in Arts, Science, or Medicine of an Indian University. The entrance examination of the College of Technology is intended to be an alternative test to the Matriculation Examination for students of mature age, who (it is thought) ought not to be required to resume discontinued studies in order to pass a school-boy examination before entering upon their University course, and it is proposed to emphasize this aspect of the entrance examination in future by admitting to it only those candidates who have had at least twelve months' experience in works. So far as Indian students are concerned this condition will not be enforced until 1920.

Secretary, Madras Students' Advisory Committee.
